

Platinum Renews CMMI SVC and DEV Certifications

October 04, 2022 (Catonsville, MD) -

Platinum Business Services, LLC (Platinum), a growing provider of information security and quality management services to the Federal Government, announced today that they have renewed their Capability Maturity Model Integration (CMMI) Services (SVC) and Development (DEV) certifications to 2.0. CMMI certifications represent mastery of business models that serve to provide businesses and customers with efficient and capable service. CMMI-SVC is designed to improve performance and capabilities for service providers. CMMI-DEV improves product development cycles in a variety of organizations. The achievement in obtaining these two certifications underscores Platinum's commitment to providing excellence to customers in all service delivery areas.

"This is another major milestone for Platinum's commitment to providing the best possible results for our customers," said Jody Venkatesan, Platinum's President & CEO. "These certifications represent our continued dedication and ability to provide the best services and systems for our customers. We are proud to bring this high level of support to every contract. Platinum has a long history of performing a variety of services for the federal government, and looks forward to continuing to support our nation."
