

Platinum ISO 9001 and 27001 Certified

October 30, 2022 (Catonsville, MD) -

Platinum Business Services, LLC (Platinum), a growing provider of information security and quality management services to the Federal Government, announced today that they have received ISO 9001 and ISO 27001 certifications. ISO 9001 is a set of criteria for quality management systems that ensures companies provide their customers with consistent, high-quality services. ISO 27001 is a guideline for companies to establish, maintain, and improve information security management systems. The achievement in obtaining these two certifications underscores Platinum's commitment to providing excellence to customers in all service delivery areas.

"This is another major milestone for Platinum's commitment to quality management for our customers," said Jody Venkatesan, Platinum's President & CEO. "These certifications represent our continued dedication and ability to provide the best services and systems for our customers. We are proud to bring this high level of quality management support to every contract. Platinum has a long history of performing quality and cybersecurity management for the federal government and looks forward to continuing to support our nation."
