

Platinum Awarded Prime Contract for United States Patent and Trademark Office (USPTO), Independent Verification & Validation (IV&V) Data Center Relocation/Modernization

September 30, 2022 (Catonsville, MD) -

Platinum Business Services, LLC (Platinum), a growing provider of information technology and support services to the Federal Government and the United States Patent and Trademark Office (USPTO), announced today the award of a prime contract for **Independent Verification and Validation (IV&V) Data Center Relocation/Modernization** for the USPTO. This contract award will directly support the USPTO by providing consistent, cost-effective IV&V solution output that considers security at each phase to verify & validate Data Center Relocation/Colocation Modernization performance outputs for decommissioning old facilities, commissioning new and alternate locations, and continuous operations. USPTO leads and supports the nation by granting patents and registering trademarks for United States authors and inventors.

“Platinum is delighted to partner with USPTO for its critical Information Technology efforts,” said Jody Venkatesan, Platinum’s President & CEO. “This prime award contract also our work with data center migration, cybersecurity, and Independent Verification and Validation (IV&V) for the United States Patent and Trademark Office. Platinum has had a positive working relationship with the USPTO for many years, further representing our commitment to the USPTO’s mission at the highest levels. This award is a major step forward in our company’s ability to directly improve data projects at USPTO. We are proud to bring such a high level of IT support to USPTO. We look forward to supporting the United States Patent and Trademark Office and meeting its mission in economically supporting our nation.”
