

## Platinum Business Services LLC Announces Strategic Partnerships with Abacus Emerging Technologies and Ani Arrowhead Technologies

**December 23, 2025 (Catonsville, MD) -**

**Platinum Business Services LLC** (Platinum) is proud to announce new strategic partnerships with **Abacus Emerging Technologies**, a Women-Owned Small Business (WOSB), and **Ani Arrowhead Technologies**, a Native American-Owned Small Business. These partnerships strengthen Platinum's mission to deliver innovative, high-impact solutions across the federal landscape while supporting diverse small business participation in government contracting.

Through this collaboration, Platinum, Abacus Emerging Technologies, and Ani Arrowhead Technologies will combine their complementary capabilities across cybersecurity, emerging technologies, logistics, data solutions, and program support. These alliances enhance the team's ability to deliver agile, scalable, and mission-focused services to federal agencies while expanding opportunities for women-owned and Native American-owned enterprises to contribute to critical national programs. Together, the companies will accelerate innovation, broaden technical depth, and reinforce their shared commitment to excellence, diversity, and long-term government customer success.

### About Platinum Business Services LLC

Platinum Business Services LLC is a well-established SBA-certified small business **HUBZone, Service-Disabled Veteran Owned Small Business (SDVOSB), and Small Disadvantaged Business (SDB)** located in the State of Maryland. Platinum has also been awarded GSA's government wide **OASIS+** contract vehicle for 8(a), SDVOSB, HUBZone, and Small Business. Platinum is a comprehensive IT Solutions consulting firm with core competencies in cybersecurity, information assurance, Agile IT services, financial management, and administrative support services. Our offerings include system modernization, cloud services, artificial intelligence (AI), emerging technologies, open-source technologies, machine learning, data analytics, enterprise architecture, business process re-engineering, acquisition support services, and grants management. Platinum's mission is to be a leading provider of business and technical information services. We strive to ensure that these principles are integrated into our cybersecurity and enterprise performance-based processes and project management services. Our firm's core values are grounded in delivering quality service with integrity and flexibility to our clients. Platinum's primary mission is: **"Bringing Business and Technology Processes Together."**
